

## TECHNICAL DATA SHEET

### Eurovent CLIP J2

Universal double side clip for installing ceramic roof tiles. Made of galvanized steel wire shaped into a "J", it ensures quick and durable fastening of roof tiles to the roof structure. Resistant to weather conditions.

PARAMETER	UNIT	VALUE
Material composition		galvanized steel
Dimensions	[mm x mm x mm]	320 x 15 x 15
Wire diameter	[mm]	2,5
Mechanical strength under perpendicular load	[kN]	0,15
Corrosion resistance of the zinc coating in neutral salt spray	[h]	96
UV resistance		resistant
Colour		silver
Carton	[pieces]	100
Pallet	[carton / pieces]	300 / 30 000

## Eurovent **CLIP J2**

**Application:** Used for flashing works on pitched and flat roofs, primarily as a protective and sealing element responsible for securing critical roof components and directing water between roof slopes. Its dimensions and design make it suitable, among others, for ridge, chimney, eaves, window sill, parapet, and valley flashing in most roofing systems available on the market.

**Safety:** The product is not intended for consumption. Avoid contact with eyes. In case of skin irritation, consult a doctor.

**Storage / transport:** The product should be stored at room temperature, in its original packaging, in dry, covered areas free from moisture. Under heavy load, the product may deform or become damaged. Therefore, it is recommended not to stack it with other heavy items (both during transport and storage). The clips should be transported in covered vehicles, protected against damage. During transport, applicable transport safety regulations must be observed. The product must be protected from exposure to chemicals that could reduce its technical performance or cause permanent damage.

The product is covered by warranty provided that the guidelines specified in the technical data sheet are strictly followed. The manufacturer reserves the right to reject claims in cases of non-compliance with the given instructions.

*Contained information, advice and guidance is given based on our knowledge, researches, experience and in good faith. We are not responsible for the consequences of improper or incorrect use of our products. Each user of this material will ensure in every possible way, including an examination of the final product in the relevant conditions, the suitability of supplied materials to achieve the objectives pursued by him.*
