

TECHNICAL DATA SHEET

Eurovent **CLIP J**

Universal clip for installing ceramic roof tiles. Made of galvanized steel wire shaped into a "J", it ensures quick and durable fastening of roof tiles to the roof structure. Available in three sizes - for battens with a width of 30, 40, and 50 mm. Resistant to weather conditions.

PARAMETER	UNIT	VALUE
Material composition		galvanized steel
Dimensions	[mm x mm x mm]	200 x 30 x 30 200 x 40 x 30 200 x 50 x 30
Wire diameter	[mm]	2,5
Mechanical strength under perpendicular load	[kN]	0,15
Corrosion resistance of the zinc coating in neutral salt spray	[h]	96
UV resistance		resistant
Colour		silver
Carton	[pieces]	100
Pallet	[cartons /pieces]	500 / 50 000

Eurovent CLIP J

Application: Used for the installation of ceramic roof tiles. Mounted on one side to the side lock or simultaneously to the side and top lock, and on the other side to the batten. Depending on the size of the clip used, it can be installed on battens with a width of 30, 40, or 50 mm. Provides excellent protection against wind uplift and suction forces acting on the roof.

Safety: The product is not intended for consumption. Avoid contact with eyes. In case of skin irritation, consult a doctor.

Storage / transport: The product should be stored at room temperature, in its original packaging, in dry, covered areas free from moisture. Under heavy load, the product may deform or become damaged. Therefore, it is recommended not to stack it with other heavy items (both during transport and storage). The clips should be transported in covered vehicles, protected against damage. During transport, applicable transport safety regulations must be observed. The product must be protected from exposure to chemicals that could reduce its technical performance or cause permanent damage.

The product is covered by warranty provided that the guidelines specified in the technical data sheet are strictly followed. The manufacturer reserves the right to reject claims in cases of non-compliance with the given instructions.

Contained information, advice and guidance is given based on our knowledge, researches, experience and in good faith. We are not responsible for the consequences of improper or incorrect use of our products. Each user of this material will ensure in every possible way, including an examination of the final product in the relevant conditions, the suitability of supplied materials to achieve the objectives pursued by him.
