

TECHNICAL DATA SHEET

Eurovent **FIX TUBE METAL 350/30**

A snow guard pipe bracket made of hot-dip galvanized steel sheet. It enables the installation of a snow guard pipe on metal roof tiles with a 350/30 module. Available in a galvanized version as well as in several colour variants, powder-coated according to the RAL colour range. Designed for installation on roof slopes with a pitch from 15° to 60°.

PARAMETER	UNIT	VALUE
Material composition		Steel grade S235JR
Bracket length	[mm]	A: 350
Bracket embossing	[mm]	H: 30
Flat bar width	[mm]	Flat bar 30
Fin height	[mm]	Approx. 180
Steel sheet thickness	[mm]	Flat bar – 4 Fin – 3
Hole diameter	[mm]	Ø 30
Hole spacing	[mm]	47
Color	[RAL]	brick 8004, brown 8017, brown 8019, anthracite 7016, graphite 7024, black 9005, cherry red 3004, chestnut brown 3009, cherry red 3011
Corrosion protection		Hot-dip galvanizing
UV resistance		Resistant
Packaging	[pcs]	5

Eurovent **FIX TUBE METAL 350/30**

Application: Used as a snow guard pipe bracket. Suitable for snow guard pipes with a diameter of Ø30 mm. It serves as a protective element enabling secure and efficient installation of the snow guard pipe on pitched roofs covered with profiled metal roof tiles with a 350/30 module. The bracket is quick and easy to install, mounted directly to the roof structure using screws.

Safety: The product is not intended for consumption. Avoid contact with eyes. In case of skin irritation, consult a physician.

Storage / transport: The product should be stored at room temperature, in its original packaging, in dry, covered areas free from moisture. Under excessive load, the bracket may become bent or deformed. Therefore, it is recommended not to stack the product with other heavy items, both during transport and storage. Brackets should be transported using covered means of transport and protected against damage. During transport, applicable transport safety regulations must be observed. The product should be protected from contact with chemical substances that could reduce its technical parameters or cause permanent damage.

The product is covered by a warranty provided that all guidelines included in the technical data sheet are strictly followed. The manufacturer reserves the right to refuse warranty claims in the event of non-compliance with the specified guidelines.

Contained information, advice and guidance is given based on our knowledge, researches, experience and in good faith. We are not responsible for the consequences of improper or incorrect use of our products. Each user of this material will ensure in every possible way, including an examination of the final product in the relevant conditions, the suitability of supplied materials to achieve the objectives pursued by him.
