Carton	[pieces]	5
Pallet	[pieces]	3200
Colour	[RAL]	brick 8004; brown 8017; chestnut 8012; black 9005; anthracite 7016;
Packaging	[pieces]	100
Pallet	[pieces]	3 000

Eurovent **GUTTER PROTECT**

Application: Used for protecting gutters made of both plastic and metal. Installation is carried out by bending the mesh to the required width and then inserting it.

Safety: The product is not intended for consumption. Avoid contact with eyes. In case of skin irritation, consult a doctor.

Storage / transport: Store in closed, original cartons. Protect against mechanical damage during storage. The product should be stored at room temperature, in dry, covered areas free from moisture and direct UV radiation. Transport only in covered vehicles, protected against damage. During transport, applicable transport safety regulations must be observed. The vents must be protected from exposure to chemicals, especially solvent-based substances, as these may reduce the technical performance or cause permanent damage to the product.

Contained information, advice and guidance is given based on our knowledge, researches, experience and in good faith. We are not responsible for the consequences of improper or incorrect use of our products. Each user of this material will ensure in every possible way, including an examination of the final product in the relevant conditions, the suitability of supplied materials to achieve the objectives pursued by him.
