

## TECHNICAL DATA SHEET

### Eurovent LINK

Chimney walkway connector enabling the connection of two walkways in series. Made of galvanized steel sheet. Supplied as a set with mounting bolts, available in powder-coated or galvanized version.

PARAMETER	UNIT	VALUE
Material composition		Steel grade S235JR
Dimensions	[mm]	180 x 25
Steel sheet thickness	[mm]	6
Structural requirements	[Standard]	PN - EN 516:2007
Resistance to static load	[Standard]	PN - EN 516:2007
Paint coating thickness	[μm]	≥ 60
Corrosion protection		Hot-dip galvanized
Zinc coating thickness	[μm]	≥ 55
Color	[RAL]	brick 8004; brown 8017; brown 8019; anthracite 7016; anthracite 7024; graphite 7021; black 9005; chestnut 8012; chestnut 3009; green 6020; cherry: 3000; 3004; 3011; 3013;
Packaging	[pieces]	10

\* on request

## TECHNICAL DATA SHEET

### Eurovent **LINK**

**Application:** It is used as a roof communication element enabling quick and efficient connection of Eurovent<sup>®</sup> PLATFORM chimney walkways in series. The walkways should be connected using two elements, fastened together with mounting bolts.

**Safety:** The product is not intended for consumption; avoid contact with eyes. In case of skin irritation, consult a doctor.

**Storage / transport:** The product should be stored at room temperature in its original packaging, in dry, covered premises free from moisture. Under heavy load, the walkway connector may deform, bend, or suffer damage to the galvanized and painted coating. Therefore, it is recommended not to stack the product with other heavy items (both during transport and storage). The connectors must be transported in covered vehicles, secured against damage. During transport, applicable transport safety regulations must be observed. The product must be protected against chemical agents that could reduce its technical properties or cause permanent damage.

The product is covered by warranty on the condition of strict compliance with the guidelines provided in the technical data sheet. The manufacturer reserves the right to refuse warranty claims in case of non-compliance with the given instructions..

*Contained information, advice and guidance is given based on our knowledge, researches, experience and in good faith. We are not responsible for the consequences of improper or incorrect use of our products. Each user of this material will ensure in every possible way, including an examination of the final product in the relevant conditions, the suitability of supplied materials to achieve the objectives pursued by him.*
