

TECHNICAL DATA SHEET

**Eurovent FIX TUBE METAL 35/380**

Snow guard pipe bracket made of hot-dip galvanized steel sheet. Allows installation of a snow guard pipe on metal roof tiles with a 35/380 profile. Available in a galvanized version and in several colour variants, powder-coated according to the RAL colour system. Installed on roof slopes with a pitch from 15° to 60°.

PARAMETER	UNIT	VALUE
Material composition		Steel gat. S235JR
Bracket length	[mm]	A: 380
Bracket embossing	[mm]	H: 35
Flat bar width	[mm]	Flat bar 30
Fin height	[mm]	Ok. 180
Steel sheet thickness	[mm]	Flat bar - 4 Fin - 3
Hole diameter	[mm]	Ø 30
Hole spacing	[mm]	47
Colour	[RAL]	brick red 8004, brown 8017, brown 8019, anthracite 7016, graphite 7024, black 9005, cherry red 3004, chestnut 3009, cherry red 3011
Corrosion protection		Hot-dip galvanization
UV resistance		Resistant
Packaging	[pcs.]	5

## TECHNICAL DATA SHEET

### Eurovent **FIX TUBE METAL 35/380**

**Application:** It is used as a snow guard pipe bracket. Suitable for snow guard pipes with a diameter of Ø30 mm. Used as a protective element enabling efficient fastening of the snow guard pipe on pitched roofs covered with profiled metal roof tiles with a 35/380 module. Its installation is easy and quick – mounted directly to the roof structure using screws.

**Safety:** The product is not intended for consumption. Avoid contact with eyes. In the event of skin irritation, consult a physician.

**Storage / transport:** The product should be stored at room temperature, in original packaging, in dry, covered rooms free from moisture. The bracket may become bent or deformed under heavy load. Therefore, it is recommended not to stack the product with other heavy items, both during transport and storage. The brackets should be transported using covered means of transport, protected against damage. During transport, transport safety regulations must be observed. The product must be protected against the effects of chemical agents that could reduce its technical parameters or cause permanent damage.

The product is covered by a warranty provided that the guidelines contained in the technical data sheet are strictly followed. The manufacturer reserves the right to refuse warranty claims in the event of failure to comply with the specified guidelines.

*Contained information, advice and guidance is given based on our knowledge, researches, experience and in good faith. We are not responsible for the consequences of improper or incorrect use of our products. Each user of this material will ensure in every possible way, including an examination of the final product in the relevant conditions, the suitability of supplied materials to achieve the objectives pursued by him.*
