

TECHNICAL DATA SHEET

Eurovent **FLEX LINE**

Finishing strip for flashing around chimneys. The special profiling of the strip allows for quick and efficient installation in the chimney area. Made of high-quality aluminium sheet.

PARAMETER	UNIT	VALUE
Material composition		Profiled aluminium sheet
Sheet metal		Profiled, coated aluminium with a thickness of approx. 0.55 mm (±10%)
Coating		Polyester coating, covered with protective film
Dimensions	[mm x mb]	80 x 2
Colour	[RAL]	brick red 8004; brown 8019; black 9005; anthracite 7021; chestnut 8015; cherry 3011; brown 8017
Carton	[pcs.]	20
Pallet	[packaging / pcs.]	100 / 2 000

Eurovent FLEX LINE

Application: Used for finishing chimney-to-roof connections and sealing around the chimney. It ensures proper sealing in critical areas around the chimney and provides an aesthetic finish to roofing works.

Installation: Installed on the edge of the chimney tape and chimney using quick-mount screws. It is recommended to seal the upper edge of the strip with roofing sealant.

Safety: The product is not intended for consumption. Avoid contact with eyes. In case of skin irritation, consult a doctor.

Storage / transport: The product should be stored at room temperature, in dry, covered areas free from moisture and direct UV radiation. As the product is made of flexible aluminium sheet, it is recommended to store it in its original, sealed packaging and protect it from mechanical damage. The product should be transported in covered vehicles, protected against damage. It must be safeguarded from exposure to chemicals, especially solvent-based substances, as these may reduce its technical performance or cause permanent damage.

The product is covered by warranty provided that the guidelines specified in the technical data sheet are strictly followed. The manufacturer reserves the right to reject claims in cases of non-compliance with the given instructions.

Contained information, advice and guidance is given based on our knowledge, researches, experience and in good faith. We are not responsible for the consequences of improper or incorrect use of our products. Each user of this material will ensure in every possible way, including an examination of the final product in the relevant conditions, the suitability of supplied materials to achieve the objectives pursued by him.
